WHAT WE DO:

Step 1: Needs Assessment

In our first conversation we listen to make sure that we understand you. Understanding your individual preferences, healthcare needs and finances are essential in order to narrow the search to find the “perfect-fit” home.

Step 2: Exploring Options

We save you time by guiding you through the maze of housing options available, creating a list of senior communities that meet your needs and preferences. In addition, we provide information on all funding sources and information on community services.

Step 3: Referrals & Tours

Based on our detailed knowledge of all the options, we discuss this list with you and agree on the short list to tour. We do all the arranging, keeping your contact information confidential. We provide a checklist to help you compare options.

Step 4: Choosing Your Home

After your tours, we help you sort through the information, comparing costs and amenities, so you can arrive at the best decision.

Step 5: Transitioning

As your advocate, we help you find resources you may need to ensure a smooth transition.

Step 6: Follow-up

A few weeks after you have moved, we will contact you, to ensure you are settling in.
